

BA-33

33rd District Seeding Procedures

8/27/08

1. Seeded position will be awarded by a won/loss record among district opponents. Each team will count one designated game among district opponents against their "seeding" record. All schools will have a three(3) game record. Heritage Academy elects to take the sixth (5) seed.
2. If a tie, in record, results between two teams, Head to head competition results will determine the higher seed.
3. If a tie, in record, results between three or more teams a blind draw will determine only the positions involved in the tie. A team will be awarded the higher seed if in a three, four or five way tie, head to head, one team has beaten all others in the tie.
4. If two teams can not play, each team will be credited with a loss.
5. If one team refuses to play an opponent, they will receive an automatic lowest seed (5).
