TO: District and Region Tournament Manager

## **KHSAA DISTRICT AND REGION BASEBALL TOURNAMENT REGULATIONS AND INSTRUCTIONS**

Please refer to the Kentucky High School Athletic Association Handbook that gives rules and regulations governing baseball tournaments. You should familiarize yourself with these rules, found in the KHSAA Tournament Rules (located at <http://www.khsaa.org/baseball/>) and re-printed in Appendix A of this manual.

The forms for your various reports should be self-explanatory, and are all located via the KHSAA web site, <http://www.khsaa.org/baseball/forms.html>. Send your financial report to the Commissioner by the published deadline in the checklist. You must use the proper KHSAA Form as supplied for reporting the tournament finances. For your convenience, the following explanations are given. For good measure, all managers should also refer to the checklist for the particular round found at the first of this section.

### **DISTRICT PRE-TOURNAMENT MEETING**

- Invite member schools to your tournament meeting. An alignment of schools is included in this manual. Any current year alignment adjustments have been communicated directly with the member schools involved.
- The meeting of representatives of the competing schools is to start not later than 2:00 p.m. E.T. on May 13, 2012, at the tournament site for the purpose of drawing for the district tournament. *Remember that if the meeting is held early, all schools should concur so that seeded district games are not affected. The deadline of seeded games is May 16.*
- Announce the time of meeting in your letter and notifications.
- Check with the next round manager prior to your meeting and make certain to inform the teams in your tournament of the date and time of the regional meeting should they advance. A complete list of managers for the postseason is in Appendix B of this manual.

### **REGIONAL PRE-TOURNAMENT MEETING**

- The meeting of representatives of the competing schools is to start at 2:00 p.m. E.T. on May 27, 2012, at the tournament site for the purpose of drawing for the regional tournament. The meeting may be held earlier IF ALL districts within the region have completed play.

### **DISTRICT FUTURE SITES**

- The district manager should review the site selection schedule with all schools in the district at the meeting. A copy of all current listings is on the KHSAA web site, [www.khsaa.org/baseball/district.html](http://www.khsaa.org/baseball/district.html).
- If changes or corrections are made to the district tournament site selection plan, please use KHSAA Form BA102, which is included in Appendix C (Checklist and Forms for District Managers) of this manual and available on the KHSAA web site, and return it to the KHSAA immediately following the meeting.

### **REGIONAL FUTURE SITES**

- The manager should review the site selection schedule with all schools in the district at the meeting. A copy of all current listings is on the KHSAA web site, [www.khsaa.org/baseball/region.html](http://www.khsaa.org/baseball/region.html).
- All schools in the region must be in this discussion even if that particular school is not competing in this particular year.
- No site is to be placed in the site selection plan until it meets all of the field specifications.

- If changes or corrections are made to the regional tournament site selection plan, please use KHSAA Form BA103, which is enclosed in Appendix D (Checklist and Forms for Region Managers) of this manual and available on the KHSAA web site, and return it to the KHSAA immediately following the meeting.

### **DISTRICT SEEDING**

- All decisions regarding seeding of a tournament must be made prior to the start of the regular season, including but not limited to, seeding method and criteria.
- Seeding methods shall be in writing and on file with the KHSAA. Use form BA112 that is enclosed in Appendix C (Checklist and Forms for District Managers) in this manual.
- Seeding decisions and the method used shall remain in place until a majority vote of the participating schools rescinds the seeding decisions prior to an upcoming season. If vote is made to seed, the manager is to send the KHSAA a copy of the meeting minutes. A copy of all current listings is on the KHSAA web site, [www.khsaa.org/baseball/district.html](http://www.khsaa.org/baseball/district.html).
- District tournament managers should ensure that all schools in seeded districts are reminded that all games to be used in calculating the seeded position MUST be played by Wednesday, May 18 (deadline was extended by the Commissioner).

### **DISTRICT TOURNAMENT DRAW AND GAME SCHEDULE**

- Each district tournament shall draw (or place if seeded) teams into the appropriate bracket in Appendix C depending upon how many teams are in the district and whether or not it is seeded. Complete brackets are also available on the KHSAA web site, <http://www.khsaa.org/baseball/district.html>.
- The district manager is to provide the bracket to media outlets.
- Email to KHSAA immediately following the draw to [emay@khsaa.org](mailto:emay@khsaa.org).
- The team in the upper half of the bracket in a non-seeded tournament will be the home team, and will wear light colored jerseys. If a tournament is seeded, the highest seed shall be the home team.
- District tournament play shall **begin not later than Monday, May 21** of the week on the KHSAA Calendar for district tournaments. This year those dates are May 21 through May 26. **You must get permission from the KHSAA office to start later than May 21, and only in the event of facility conflicts. You may however, begin on the weekend prior (May 19) if the schools concur and it alleviates facility conflicts.**
- Schools are reminded that the Heat Index Program is to be followed. This should be considered with regard to the scheduling of contests and the time of day.

### **REGIONAL TOURNAMENT DRAW AND GAME SCHEDULE**

- Please review the tournament rules concerning regional drawings. This rule makes it impossible for a winner and corresponding runner-up in a district to meet before the final regional game.
- Each region shall draw teams into the appropriate bracket in Appendix D of this manual. All bracket forms are available on the KHSAA web, [www.khsaa.org/baseball/region.html](http://www.khsaa.org/baseball/region.html).
- Region tournament play **shall begin not later** than Tuesday of the week on the KHSAA Calendar for region tournaments. This year those dates are May 28-June 2. **You must get permission from the KHSAA office to start later than May 29, and only in the event of facility conflicts.**
- The region manager is to e-mail the bracket to the KHSAA immediately following the draw to Elden May at the KHSAA offices ([emay@khsaa.org](mailto:emay@khsaa.org)).
- Schools are reminded that the Heat Index Program is to be followed. This should be considered with regard to the scheduling of contests and the time of day.

### **GAME BALLS**

- Rawlings brand baseballs are the only ball allowed to be used in the district, region, or state tournament.
- Use of any other baseball is a violation of KHSAA tournament rules and will subject the tournament and its participants to possible penalties.

- The sole method for entering the roster of a competing team is a link on the KHSAA web site (<http://schools.khsaa.org>). This roster may also be viewed by any school by being properly logged in to the member schools web site (<http://schools.khsaa.org>). KHSAA Form GE15 (Eligibility Listing) IS NOT utilized for baseball.
- Remind each coach to have that tournament's copy of the roster form checked by the coach of each competing team, before the team plays each game, for the twenty-one players to be used in each game.

the form and return it back to the KHSAA by the published deadline in the checklist so it can be included in our report to the National Federation.

### **UMPIRES**

- In compliance with the Federal Court Decree, the Commission composed of the Commissioner and the four assistants will assign all umpires.
- For the district tournaments, managers are to contact the Assigning Secretary who normally services the games of the host school to obtain your officials' names and game assignments as this has been coordinated by the KHSAA staff.
- For the region tournament, managers are to contact the Assigning Secretary who normally services the games of the host school to obtain your officials' names and game assignments as this has been coordinated by the KHSAA staff.

In addition, if an official is being assigned from outside of the local association area of the host school, the fee shall be increased by \$5 per game. The crew of umpires is to be paid a mileage allowance of .35 (35 cents) per mile for all necessary mileage based on the mileage submitted to the manager by the association staff member in charge of the sport through the Assigning Secretary. ### **INCLEMENT WEATHER**

- While it would be ideal if all parties could meet and agree on any re-scheduling of games necessitated by inclement weather or other natural events, this may not be practical. It is the duty of the tournament manager in consultation

with the participating teams to make decisions with regards to re-scheduling in the event of postponement and ensure that all teams, media outlets and schools are properly notified. In accordance with the playing rules, after the contest has begun, the umpires shall make such determination.

- Schools who are hosting the tournaments should be especially sensitive to the postponement of games especially given the KHSAA Pitching Limitations and make decisions in the best interest of all concerned, not simply one school, team or player.
- Schools are reminded that the Heat Index Program is to be followed. It is the home management's responsibility to ensure that this is monitored and documented.

### II) Dates and Sites for Tournaments

District tournament sites shall be selected by a site selection plan approved by a unanimous vote of the schools eligible to compete in each district tournament. If a district is unable to resolve conflict over the plan, the Board of Control shall establish a plan.

Only schools which are members of the Association prior to January 1 of the year in which the tournament is held, and having a schedule of ten (10) or more baseball games shall be allowed to vote for the district tournament location or participate in the tournament

Criteria to be considered by the schools for the district tournament include but are not limited to- satisfactory capacity within the facility to safely accommodate past (five years) and expected attendance numbers; an officials dressing room; and adequate parking for projected attendance. In addition, all sites shall meet the published site selection criteria baseball as posted on the KHSAA website.

District tournament play shall begin not later than Monday of the week on the KHSAA Calendar for district tournaments. Permission may be obtained from the KHSAA office to start later than that date only in the event of facility conflicts. Tournaments may begin on the weekend prior if the schools concur and it alleviates facility conflicts.

The Commissioner shall determine regional tournament sites. Schools interested in hosting a regional tournament shall submit their request through the defined site selection process at prior year tournaments. The applicant shall supply information relating to seating and parking facilities and such other information as may be requested by the Commissioner. The Commissioner's office may use this site selection plan as a guide, but is not bound by this plan in determining the sites.

A two-thirds vote is necessary to adopt any plan for recommending the tournament sites and voting shall include all schools within a region, not simply the schools playing in a particular year's event. Criteria to be considered by the schools include but are not limited to- satisfactory capacity within the facility to safely accommodate past (five years) and expected attendance numbers; an officials

dressing room; and adequate parking for projected attendance. In addition, all sites shall meet the published site selection criteria baseball as posted on the KHSAA website.

The schools in the region shall agree on the amount of proceeds (if any) that is to be kept by the host school as well as limitations on expenses by the host school; determining the fixed amount or percentages to be given to each school that participates; the fixed amount or percentages to be given to each team in the region not competing in the tournament; and the disbursement of any proceeds from commissions, parking, advertising and any other revenue related to the tournament but not directly related to ticket, program or novelty sales. Resolution as to disputes on any of these issues may be facilitated by the Commissioner's office and if agreement cannot be reached, may be considered by the Board of Control.

Regional tournament play shall begin not later than Tuesday of the week on the KHSAA Calendar for region tournaments. Permission may be obtained from the KHSAA office to start later than that date only in the event of facility conflicts.

The Board of Control shall determine the site of the state tournament after receiving the Commissioner's recommendation, and shall be guided by necessary hotel facilities, playing facilities, and community/area support.

All tournaments shall be held on or as near the dates indicated on the Memorandum Calendar as local conditions permit. Any exceptions shall be approved by the Commissioner.

### III) Tournament Managers

The principal of the host school shall designate an official of the school to serve as the manager for each district tournament. The Commissioner will appoint a manager for each of the regional tournaments, and shall serve as the manager for the state tournament. The Commissioner may appoint as many assistant managers as deemed necessary to manage the event. It is the duty of each district and regional tournament manager to invite representatives of the participating teams in the tournament to a meeting held for the purpose of making tournament plans.

It is an explicit duty of each tournament manager to inform the association IMMEDIATELY as to the bracket / pairings / entries / results when requested by KHSAA staff and according to the time deadlines provided including the actual site of the tournament if it is not held at the school. In addition, it shall be the duty of the manager of each contest in soccer, volleyball, football, basketball, baseball and softball to contact the KHSAA Scoreboard with the final results following each contest. This is in addition to fulfilling local media requests. The Board of Control has approved the policy that the receipts of a tournament can be assessed (a fine levied against the manager) for failure to comply with these provisions.

The representatives of the schools participating in each tournament, by majority vote, shall set the dates and times of the games, and make all other arrangements necessary to conduct the tournament. The Commissioner will direct a drawing and all of the business necessary to conduct the state tournament.

### IV) District Tournament Seeding Regulations

A) For district tournaments with three teams, the district tournament shall be seeded in accordance with the following three-team seeding regulations:

- 1) Each team in a three-team district is required to play the other two teams in the district in two contests each year, at mutually agreed sites. These games will produce a uniform means of ranking the teams by seed within these districts.
- 2) The team with the highest seed (one seed) receives a bye in the district tournament, and advances to the championship game.
- 3) The remaining two teams would play in the first round of the district tournament with the loser of that game being eliminated.
- 4) In the case of a two-way tie for the district winning position, the winner in the second game played between the tied district opponents would have the higher finishing position.
- 5) In the case of a three-way tie for the district winning position, the tie would be resolved in the following manner. If any of the tie-breakers results in one of the teams being ahead of the other two, the tie is broken. If any of the tie-breakers result in two teams remaining ahead of the third, then the two-way tie breaker shall be used to determine the winner between those two.

a) The tie-breaking mechanisms (in order) shall be:

- i) If the tie remains between all three teams, the record in the second game played against all district opponents involved in the tie.
  - ii) If the tie remains between all three teams, the record in the first game played against all district opponents involved in the tie.
  - iii) If the tie remains between all three teams, then the total points allowed in all seeded games shall be the next tie-breaker.
  - iv) If the tie remains between all three teams, then the total points allowed in the second of each of the seeded games shall be the next tie-breaker.
  - v) If the tie is still unbreakable, then a blind draw among the three teams shall break the tie.
- b) Additional tie-breaking mechanisms could be added, and would be uniform for all three-team districts.
- 6) In the event of game re-scheduling or cancellation, the original game schedule shall determine which game is "second" for tie-breaking purposes.
- B) For district tournaments with four or more teams, the district tournament brackets may be drawn by random lot or placed into the bracket using a seeding system. A majority vote (recorded in writing) of the Principals, Athletic Directors or Designated Representatives of the schools in the district is required in order to make or change seeding decisions. In the absence of any documentation, minutes or other verification, the districts shall not be seeded. The regulations concerning the seeding of a district with four or more teams are as follows:
- 1) The decision to seed and the method used in seeding (including all tie-breakers) shall be determined by majority vote of the participating teams in the district and the manager shall record this vote in writing and submit it to the Association. The representatives making the written declaration shall decide all issues related to seeding,
  - 2) Seeding methods shall be determined prior to the start of the regular season, recorded in writing with a copy provided to the KHSAA, and shall remain in place until a majority vote of the participating schools rescinds or changes the seeding decisions. Such changes to the district seeding plan may not be made for the current year once play has begun in the regular season.
  - 3) In the event of dispute, the current copy on file with the KHSAA shall prevail in determining resolution.
  - 4) Seeding plans may, at the discretion of the majority vote of the schools, stipulate a particular team to a particular seeded position.
  - 5) It shall be the district tournament manager's responsibility to update the Association with respect to any changes to the seeding decision or method being used and any relevant tiebreakers. In the absence of this documentation, consultation with, and written verification and documentation from, prior year tournament managers, will be utilized by staff to assist with interpretation and clarification.
  - 6) There is no statewide regulation on a seeding method once the determination has been made to seed. Some of the more common and recommended means of seeding is the record of games played within a district provided all teams have played all other teams. In that case, each district shall adopt tie-breaking procedures in the event that the primary method of seeding results in a tie or other situations arise which cause an alteration in the scheduled seeding method. Among the more common tie-breaking methods are 1) seeding by overall win-loss record; seeding by win-loss record in specific contests, 3) seeding by a rating/ranking from a statewide poll, 3) seeding by a majority vote, 4) seeding by a committee, and 5) seeding by a rating turned in by each school.
  - 7) If win-loss records are used for seeding, the records used shall be the records as of the date of the pre-tournament meeting as published on the KHSAA memorandum calendar. Teams and school representatives may meet during the regular season to discuss tournament operations (i.e. dates, times, sites, tournament personnel needs, etc.). However if an organizational meeting is held prior to the published date on the calendar, no discussions may be held regarding the bracketing or pairings of

specific teams unless all mandated seeded games have been played prior to the meeting. Games played after the published meeting date SHALL NOT factor into the seeded position.

- 8) Seeded games unable to be played for any reason (with the exception of verified forfeited contests) prior to the published date for the district tournament meetings will be recorded as a win and a loss for both teams in computing seeded position.
- 9) If a change in the alignment of teams moves a single new team into a previously seeded district during the current school year, the previous decision as to seeding shall prevail. If the new team enters the alignment following the completion of all game contracts and the new team is unable to schedule all required opponents, the new team shall be seeded in the last position for the current season, and shall be included in seeded game scheduling for the subsequent seasons. If a single change in the alignment occurs prior to the end of the previous school year, the district teams will conduct a new vote as to seeding.
- 10) If a change in the alignment of teams moves more than one team into a seeded district, the district teams shall conduct a new vote as to seeding. A tie vote will result in the seeding decision being not seeded.
- 11) If the Board of Control approves a total realignment of teams within a district, the teams in the district shall conduct a new vote as to seeding. A tie vote in this situation shall result in the district being not seeded.

#### V) Tournament Meetings and Pairings

### **Case TR-5- Who is in control of the media and press at KHSAA sponsored competition?**

- 1) The intellectual property, corporate, broadcasting and media rights to the State championship rounds of the KHSAA postseason championships belong exclusively to the KHSAA, including titling agreements and sponsorships. No member school may approve or sign an agreement that includes rights to state contests (delayed or live).
- 2) The intellectual property, corporate, broadcasting and media rights to the postseason rounds prior to the state finals belong exclusively to the KHSAA, including titling agreements and sponsorships. No member school can sign an exclusive agreement for a postseason round (District, Region, Sub-Section, Section) without agreement between the schools and approval of the KHSAA Office.
- 3) The intellectual property, corporate, broadcasting and media rights to the postseason rounds prior to the state finals belong exclusively to the KHSAA, but are assigned to the Principal of each institution for management and control. No member school shall sign an exclusive regular season agreement that would "Shut out" its opponent from any audio, video streaming or having the opportunity to do so.
- 4) At all levels of competition during postseason play, control of media access and location at those contests is with the KHSAA. In general, the management of those rights may be assigned to the manager at the host KHSAA member school for the district, regional and sectional (semi-state) competition.
- 5) At all levels of competition, including district, regional, sectional, and state competition in KHSAA sponsored tournaments and meets, managers are to make allowances for members of the television media to tape portions of the contests at no charge to the media outlet, as long as the taping is for the sole purpose of newscast highlights.
- 6) Outlets desiring to tape the contest for broadcast or telecast shall seek the permission of the event manager, and the manager has the right to set and collect any fee which may be deemed appropriate as an offset to any perceived lost ticket revenue.
- 7) At the state level, all negotiations for rights to broadcast or telecast shall be initiated with the Sports Information Director and the Commissioner, and shall be approved by the Commissioner.

### **Case TR-6- Who is empowered to make decisions at KHSAA tournaments when inclement weather forces postponement of contests or events?**

While it would be ideal if all parties could meet and agree on any re-scheduling of games necessitated by inclement weather or other natural events, this may not be practical. It is the duty of the tournament manager to make decisions with regards to re-scheduling in the event of postponement and ensure that all teams, media outlets and schools are properly notified.

### **Case TR-7- Is it possible for a winner and corresponding runner-up in baseball, basketball, soccer, softball or volleyball district tournament to meet before the final regional game?**

No, because they are to be placed in opposite brackets.

### **Case TR-8- Is there a mandatory brand of game ball to be used in the state tournament in baseball, basketball, football, softball, volleyball or soccer?**

Yes, the Association has a long-term agreement with Rawlings Sporting Goods to provide specific balls for the state championship tournament, and the Commissioner's office can provide specifications upon request. In all postseason contests in these sports, a Rawlings brand ball with the proper NFHS authenticating mark shall be used. There is no requirement that a KHSAA logo appear on the ball, or that all balls except for these specific models be disallowed.

For 2011-2012, those ball numbers are:

- Boys Basketball - KYPROMB
- Girls Basketballs - KYPROWB
- Volleyball - KYVBI1001B (white), KYVBI10013B (3-panel)
- Soccerball - KYSB850B
- Baseball - R100KY and R200KY

Softball - NFHS12Y47LKY

Football - ST5KYB and ST5PROSKYB.

**Case TR-9- Are there any restrictions on the scheduling and playing of games in a "seeded district" in baseball, basketball, soccer, softball, or volleyball?**

Yes. Principals, Athletic Directors and Coaches should consult the Tournament Rules related to each of these sports for more specific dates for tournament meetings and allowances for scheduling of these meetings. All games involved in the calculation of a seed position SHALL be played on or before the Wednesday prior to the start of postseason play. Games played after that time SHALL NOT factor into the seeded position.

For the 2011-2012 school year, the deadline to play seeded district games in soccer and volleyball is October 2, 2011.

For the 2011-2012 school year, the deadline to play seeded district games in basketball is February 12, 2012.

For the 2011-2012 school year, the deadline to play seeded district games in baseball and softball is May 14, 2012.

**Case TR-10- When are the boys' and girls' state basketball tournaments to be played?**

Unless facilities are unavailable, and unless further altered by the Board of Control, the boys' state basketball tournament will be played during the same week as the first round of the NCAA mens' basketball championships. The Board shall then adopt and publish corresponding dates to indicate the timing of the girls' state tournament, and all district and regional tournaments.

**Case TR-11- How are the tournament sites selected for district tournament sites for baseball, basketball, soccer, softball in the event that agreement cannot be reached on a site selection plan?**

If a site rotation agreement cannot be reached on first round (normally district) tournaments, the Commissioner will intervene and establish a rotation plan subject to approval by the Board of Control. The site selection plan shall be confirmed by annual balloting during the season and reported to the Association along with seeding decisions. Rotating the tournament sites does not necessarily mean that each school shall host the tournament at that school's home site, but that each school, with available proper and adequate facilities, shall have the opportunity to host the tournament, even if an alternative site is required due to site requirements within a given sport.

**Case TR-12- What schools may vote for basketball district tournament sites, site selection or seeding plan?**

Only member schools having a schedule of twelve games or more with at least six different member schools.

**Case TR-13- Is there a deadline for a district host school in baseball, basketball, soccer, softball or volleyball to select a playing site if the school home site doesn't meet the requirements for holding the tournament?**

Yes. Through various rules and rulings in past years, every school in a specific district alignment shall have an opportunity to serve as the host for the tournament. Each school may, of course, decline that opportunity. However, this requirement ensures that on a periodic basis, all schools get to share in the concession and parking proceeds, host share of the ticket receipts and other benefits that come from serving as the host. It is recognized that all schools in a given alignment will not meet the tournament specifications.

For this reason, the following steps shall be taken by the schools in the district-

- 1) The schools shall meet and decide what facilities can hold the attendance of the last five years of the tournament based on the fan followings of the schools, and satisfy other logistical needs such as accessibility, parking, etc. (agreed sites). If there is a disagreement, the Board of Control can serve as the final resolution and KHSAA staff shall assist in that determination.
- 2) The discussion on site applicability is separate from the ability to "host", that is being the tournament manager, operating concessions, etc. as all schools shall be given that opportunity to host, just not necessarily at a site that cannot accommodate

the event.

3) From that list of agreed sites, the rotation of sites is to be considered, factoring in of course, that all schools shall be given a chance (if they want) to host, even if it isn't played at the host school's home playing facility.

4) In a year when the designated host's home facility does not meet the specifications for holding the tournament, the final selection as to the playing site rests with the designated host school. That school has sole discretion to make that decision, but is compelled to choose only from the list of agreed facilities as mentioned in (1) above.

5) In a year when the designated host school's home facility does not meet the specifications for holding the tournament, the designation shall be made by September 20 in volleyball and soccer; January 1 in basketball; and April 15 for baseball and softball.

**Case TR-14- When is the standard meeting to be held for the district tournament in baseball, basketball, soccer, softball and volleyball?**

Not later than the second Sunday prior to the published week of the district tournament in all sports where a tournament meeting is specified (baseball, basketball, soccer, softball and volleyball). The meeting may be held earlier if the participating teams agree, but not prior to the final announcement of sites.

**Case TR-15- May teams withdraw from a baseball, basketball, soccer, softball or volleyball tournament after the drawings have been made?**

No. The penalty for such a withdrawal is withdrawal from postseason competition for two years and could also result in suspension from the Association for a period of twelve months.

**Case TR-16- May a name be added to the roster or entry form after the deadline for submission or editing?**

No, changes cannot be made unless otherwise provided in the tournament rules for a specific sport. The principal shall check the online roster in baseball, basketball, football, soccer, softball and volleyball to ensure that all players are on the list as the rosters are locked after postseason play begins. For individual sports using the published entry list and/or forms, the specific sport tournament rules will address any options for substitution or correction, if such options exist.

**Case TR-17- How many names can appear on the roster for baseball, basketball, football, soccer, softball and volleyball?**

Schools may enter an unlimited roster using the online roster system for baseball, basketball, football, soccer, softball and volleyball. The coach, Principal or designated representative can then designate the required number of contestants for each event from that list.

**Case TR-18- How is it determined that a meet counts against the four meet minimum in Track and Field or Cross Country?**

In order to count as a meet for the four meet minimum a meet shall be a meet which rises to the standard of counting as a meet towards the interpretations of Bylaw 25. In addition, in Cross Country, the distance would be a minimum of 2500 meters and a maximum of 5000 meters and involved entries from two or more schools. To count towards the minimums, the meets may be at the Varsity or non Varsity level in terms of meet structure. It shall be counted in the same manner for all competitors (varsity, JV or freshman). The school approved or provided uniform shall be worn in this competition. In accordance with Bylaw 20, a school representative shall accompany the team.

**Case TR-19- If a Cross Country Meet is interrupted by weather, can other races be run that day?**

Yes. The particular interrupted race is considered complete and counts both towards meet limits and participation minimums. If other competition can resume after required delays, that is permissible. Only races actually started can count towards meet limits or participation minimums.

Special Note regarding older facilities and those without available land for expansion or renovation	<ul style="list-style-type: none"> <li>All specifications are highly desired. However, the KHSAA staff is permitted to use its judgment in reviewing sites that were constructed prior to the adoption of these standards in 1990, and is expected to make exceptions where necessary. Particularly important is the need for possible exceptions in situations where the facility is "landlocked" or otherwise limited in moving items such as the outfield fences or the backstop distances. While it is desirous of the Baseball Committee to have all facilities meet all of the specifications, the Committee recognizes that some existing facilities have held successful KHSAA postseason events for many years.</li> </ul>	
Special Note regarding facility safety and competitive fairness	<ul style="list-style-type: none"> <li>The Committee recognizes that most high school facilities that meet these physical plant standards should be allowed to host events. However, the Committee reserves the right to recommend to the Commissioner's office that a facility that meets the published standards not be used for postseason events. Such reasons may include, but are not limited to – a history of non-compliance with KHSAA rules, an evaluation of the playing surface which yields a conclusion that the facility is either unsafe or gives one or more teams a competitive advantage, lack of ability to identify suitable individuals to perform the necessary functions of a tournament such as financial obligations and distribution, meeting and communication requirements, grounds keeping or other specific areas.</li> </ul>
