

**KHSAA Football Alignment
Receipt and / or Request for Changes in the Draft Alignment**
(All responses will be copied and given to the Board of Control prior to the October 18 meeting)
Deadline for submission for 2011 through 2014 seasons – October 14, 2010

Section I. To be completed by schools desiring no additional input.

As the representatives of this school we have received and reviewed the proposed alignment of schools and recommend no changes.

Section II. To be completed by schools desiring to withdraw from district competition

As the representatives of this school, we request to be withdrawn from football championship competition in 2011 through 2014. We understand that we will be out of district competition until the end of the classification cycle.

Section III. To be completed by schools desiring to see other alignment changes.

As the representatives of this school, we request that the following suggested amendments to the alignment of schools in football be given consideration by the KHSAA Board of Control with respect to this school (attach additional if necessary):

After considering several options for re-alignment appeals, Simon Kenton requests that the Board of Control consider making District 6 a five (5) team district for regular season scheduling and District 6 seeding purposes. The post-season playoff seeding and District championship for District 6 will be determined by the regular season games played by the 5 member schools in District 6.
To ensure the integrity of the KHSAA proposed 32 team class and playoff bracket we ask that the 5 th place team from District 6 be placed as the 4 th place team in the 3 team district this proposal would create. The three team district could either be District 7 or District 2. District 2 could become the three team district if PLD is moved into District 7.

Section IV. To be completed by schools desiring to appear before the Board of Control

As the representatives of this school, we request to appear before the Board of Control on October 18 and testify with respect to Section III above.

 (All responses will be copied and given to the Board of Control prior to the October 18 meeting)
Deadline for submission for 2011 through 2014 seasons – October 14, 2010

Section I. To be completed by schools desiring no additional input.

As the representatives of this school we have received and reviewed the proposed alignment of schools and recommend no changes.

Section II. To be completed by schools desiring to withdraw from district competition

As the representatives of this school, we request to be withdrawn from football championship competition in 2011 through 2014. We understand that we will be out of district competition until the end of the classification cycle.

Section III. To be completed by schools desiring to see other alignment changes.

As the representatives of this school, we request that the following suggested amendments to the alignment of schools in football be given consideration by the KHSAA Board of Control with respect to this school (attach additional if necessary):

Simon Kenton HS requests to be placed in the northern Kentucky Class 6A District 6.
Schools were told moves were going to be geography based. If this is the case, Ryle HS should be the school moved to Lexington for District 7 play . Ryle is geographically
closer to each of the three schools in District 7 than Simon Kenton. Another
possible solution to this appeal would be for the board of control to approve the request of
Ohio County to move up to 6A. Approving the Ohio County request would fix three issues:
1. Ohio County, 2 Paul Dunbar back to District 7, 3. SK back to District 6.
The current alignment with SK in District 7 will hurt the growth of our program, raise transportation costs, lower gate revenue in District games. and break down highly competitive district rivalries.

Section IV. To be completed by schools desiring to appear before the Board of Control

As the representatives of this school, we request to appear before the Board of Control on October 18 and testify with respect to Section III above.

 (All responses will be copied and given to the Board of Control prior to the October 18 meeting)
Deadline for submission for 2011 through 2014 seasons – October 14, 2010

Section I. To be completed by schools desiring no additional input.

As the representatives of this school we have received and reviewed the proposed alignment of schools and recommend no changes.

Section II. To be completed by schools desiring to withdraw from district competition

As the representatives of this school, we request to be withdrawn from football championship competition in 2011 through 2014. We understand that we will be out of district competition until the end of the classification cycle.

Section III. To be completed by schools desiring to see other alignment changes.

As the representatives of this school, we request that the following suggested amendments to the alignment of schools in football be given consideration by the KHSAA Board of Control with respect to this school (attach additional if necessary):

Distances:
SK to Henry Clay: 73.16 miles, SK to Bryan Station: 68.57 miles, SK to Scott Co: 54.59 miles
Ryle to Henry Clay: 73.11mi, Ryle to Bryan Station: 68.52 mi, Ryle to Scott Co: 54.54 mi.
Based on geography Ryle is closer to all three District 7 schools. I know it is not a great distance but if geography is the deciding factor then Ryle goes to District 7 not SK.

Section IV. To be completed by schools desiring to appear before the Board of Control

As the representatives of this school, we request to appear before the Board of Control on October 18 and testify with respect to Section III above.
