AACCA Safety Certification

This course is one of three required courses for a cheer coach to receive Bronze level AACCA credentialing. (Four courses total are required for credentialing) (1) Safety Certification (2) NFHS Spirit Program Management, (3) A basic course in dance, partner stunt progressions, or motion, jumps, and tumbling, and (4) An elective course.)

11:30-12:00 p.m. Lunch

Whether you are a new or an experienced spirit coach, continuing education on safety and technique is a must for any coach today. It is simply not enough to have been a cheerleader or dancer; coaches need education in coaching techniques to lead, mentor, and impart positive aspects of spirit activities in addition to teaching the skills of cheerleading.

By offering the AACCA Safety Certification course, we are giving Kentucky cheer coaches an opportunity for national level cheer training, a first step in national coaching credentialing. At the end of the AACCA Safety Certification course, you will be given ample time to complete the test and receive a certificate for completion.
