II) Dates and Sites for Tournaments

The Commissioner with the approval of the Board of Control shall determine the dates and sites of the district and regional tournaments as well as the state tournament. All tournaments will be held within the dates indicated on the Memorandum Calendar unless otherwise approved in writing by the Commissioner.

Schools interested in hosting a district or regional tournament shall submit their request in writing prior to June 1 of the tournament year. The applicant shall supply information relating to seating and parking facilities and such other information as may be requested by the Commissioner.

Criteria to be considered by the schools for the district tournament

include but are not limited to- satisfactory capacity within the facility to safely accommodate past (five years) and expected attendance numbers; an officials dressing room; and adequate parking for projected attendance.

The Commissioner shall determine the regional tournament sites. Schools interested in hosting a regional tournament shall submit their request through the defined site selection process at prior year tournaments. The applicant shall supply information relating to seating and parking facilities and such other information as may be requested by the Commissioner. The Commissioner's office may use this site selection plan as a guide, but is not bound by this plan in determining the sites.

A two-thirds vote is necessary to adopt any plan for recommending the regional tournament sites and voting shall include all schools within a region, not simply the schools playing in a particular year's event. Criteria to be considered by the schools include but are not limited to- satisfactory capacity within the facility to safely accommodate past (five years) and expected attendance numbers; an officials dressing room; adequate locker rooms; and adequate parking for projected attendance.

In addition, the schools must agree on the amount of proceeds (if any) that is to be kept by the host school as well as limitations on expenses by the host school; determining the fixed amount or percentages to be given to each school that participates; the fixed amount or percentages to be given to each team in the region not competing in the tournament; and the disbursement of any proceeds from commissions, parking, advertising and any other revenue related to the tournament but not directly related to ticket, program or novelty sales. Resolution as to disputes on any of these issues may be facilitated by the Commissioner's office and if agreement cannot be reached, may be considered by the Board of Control.

The Board of Control shall determine the site of the state tournament after receiving the Commissioner's recommendation, and shall be guided by necessary hotel facilities, playing facilities, and community/area support.

III) Tournament Managers

The Commissioner will appoint a manager for each of the district and regional tournaments, and shall serve as the manager for the state tournament. The Commissioner may appoint as many assistant managers as deemed necessary to manage the event. It is the duty of each district and regional tournament manager to invite representatives of the participating teams in the tournament to a meeting held for the purpose of conducting the draw, and finalizing tournament plans.

It is also the duty of the district and regional manager to supply each school with information concerning the tournament including, but not limited to the date, time, place, admission, dressing facilities, etc. It is an explicit duty of each tournament manager to inform the association IMMEDIATELY as to the bracket / pairings / entries / results when requested by KHSAA staff and according to the time deadlines provided including the actual site of the tournament if it is not held at the school. In addition, it shall be the duty of the manager of each contest in soccer, volleyball, football, basketball, baseball and softball to contact the KHSAA Scoreboard with the final results following each contest. This is in addition to fulfilling local media requests. The Board of Control has approved the policy that the receipts of a tournament can be assessed (a fine levied against the manager) for failure to comply with these provisions.

The Commissioner will direct a drawing and handle all of the arrangements necessary to conduct the state tournament.

IV) District Tournament Seeding Regulations

A) For district tournaments with three teams, the district tournament shall be seeded in accordance with the following three-team seeding regulations:

- 1) Each team in a three-team district is required to play the other two teams in the district in two contests each year, at mutually agreed sites. These games will produce a uniform means of ranking the teams by seed within these districts.
- 2) The team with the highest seed (one seed) receives a bye in the district tournament, and advances to the championship game.
- 3) The remaining two teams would play in the first round of the district tournament with the loser of that game being eliminated.
- 4) In the case of a two-way tie for the district winning position,

the winner in the second game played between the tied district opponents would have the higher finishing position.

5) In the case of a three-way tie for the district winning position, the tie would be resolved in the following manner. If any of the tie-breakers results in one of the teams being ahead of the other two, the tie is broken. If any of the tie-breakers result in two teams remaining ahead of the third, then the two-way tie breaker shall be used to determine the winner between those two.

a) The tie-breaking mechanisms (in order) shall be:

- i) If the tie remains between all three teams, the record in the second game played against all district opponents involved in the tie.
- ii) If the tie remains between all three teams, the record in the first game played against all district opponents involved in the tie.
- iii) If the tie remains between all three teams, then the total points allowed in all seeded games shall be the next tie-breaker.
- iv) If the tie remains between all three teams, then the total points allowed in the second of each of the seeded games shall be the next tie-breaker.
- v) If the tie is still unbreakable, then a blind draw among the three teams shall break the tie.

b) Additional tie-breaking mechanisms could be added, and would be uniform for all three-team districts.

B) For district tournaments with four or more teams, the district tournament brackets may be drawn by random lot or placed into the bracket using a seeding system. A majority vote (recorded in writing) of the Principals, Athletic Directors or Designated Representatives of the schools in the district is required in order to make or change seeding decisions. In the absence of any documentation, minutes or other verification, the districts shall not be seeded. The regulations concerning the seeding of a district with four or more teams are as follows:

- 1) The decision to seed and the method used in seeding (including all tie-breakers) shall be determined by majority vote of the participating teams in the district and the manager shall record this vote in writing and submit it to the Association. The representatives making the written declaration shall decide all issues related to seeding,
- 2) Seeding methods shall be determined prior to the start of the regular season, recorded in writing with a copy provided to the KHSAA, and shall remain in place until a majority vote of the participating schools rescinds or changes the seeding decisions. Such changes to the district seeding plan may not be made for the current year once play has begun in the regular season.
- 3) In the event of dispute, the current copy on file with the KHSAA shall prevail in determining resolution.
- 4) Seeding plans may, at the discretion of the majority vote of the schools, stipulate a particular team to a particular seeded position.
- 5) It shall be the district tournament manager's responsibility to update the Association with respect to any changes to the seeding decision or method being used and any relevant tiebreakers. In the absence of this documentation, consultation with, and written verification and documentation from, prior year tournament managers, will be utilized by staff to assist with interpretation and clarification.
- 6) There is no statewide regulation on a seeding method once the determination has been made to seed. Some of the more common and recommended means of seeding is the record of games played within a district provided all teams have played all other teams. In that case, each district shall adopt tie-breaking procedures in the event that the primary method of seeding results in a tie or other situations arise which cause an alteration in the scheduled seeding method. Among the more common tie-breaking methods are 1) seeding by overall win-loss record; seeding by win-loss record in specific contests, 3) seeding by a rating/ranking from a statewide poll, 3) seeding by a majority vote, 4) seeding by a committee, and 5) seeding by a rating turned in by each school.
- 7) If win-loss records are used for seeding, the records used shall be the records as of the date of the pre-tournament meeting

as published on the KHSAA memorandum calendar. Teams and school representatives may meet during the regular season to discuss tournament operations (i.e. dates, times, sites, tournament personnel needs, etc.). However if an organizational meeting is held prior to the published date on the calendar, no discussions may be held regarding the bracketing or pairings of specific teams unless all mandated seeded games have been played prior to the meeting. Games played after the published meeting date SHALL NOT factor into the seeded position.

- 8) Seeded games unable to be played for any reason (with the exception of verified forfeited contests) prior to the published date for the district tournament meetings will be recorded as a win and a loss for both teams in computing seeded position.
- 9) If a change in the alignment of teams moves a single new team into a previously seeded district during the current school year, the previous decision as to seeding shall prevail. If the new team enters the alignment following the completion of all game contracts and the new team is unable to schedule all required opponents, the new team shall be seeded in the last position for the current season, and shall be included in seeded game scheduling for the subsequent seasons. If a single change in the alignment occurs prior to the end of the previous school year, the district teams will conduct a new vote as to seeding.
- 10) If a change in the alignment of teams moves more than one team into a seeded district, the district teams shall conduct a new vote as to seeding. A tie vote will result in the seeding decision being not seeded.
- 11) If the Board of Control approves a total realignment of teams within a district, the teams in the district shall conduct a new vote as to seeding. A tie vote in this situation shall result in the district being not seeded.

V) Tournament Meetings and Pairings

A) District (non-seeded). The district meetings shall be held in the school designated as the tournament host not later than the second Sunday (one week and one day) prior to the week of the tournament as specified on the KHSAA Memorandum Calendar.
