TO: District/Region Tournament Manager

FROM: Assistant Commissioner, Darren Bilberry

DATE: October 2, 2009

REF: Appreciation

Please let me express our appreciation to you for agreeing to serve as the manager for a KHSAA postseason soccer tournament. It would be impossible for this Association to conduct successful programs for the boys and girls enrolled in our member schools without the cooperation and support rendered by people like yourself.

In this manual, you will find a list of instructions to follow in managing your tournament along with a copy of various reports to be filed with this office both prior to and following your tournament. It is very important that we receive this information as requested.

We ask all managers to request of your participants to comply with our request for information for the state tournament program including team photos. Because of the short period of time allowed for the printing of the programs, it is imperative that we receive this information when requested. Each team has been sent further communication from this office concerning this request.

Please note a special instruction in this manual as it relates to the role of the tournament manager in scheduling contests in case of inclement weather or other unforeseen problems. **All** post-season soccer tournament information **can be found, beginning October 5, 2009, on the KHSAA Website (www.khsaa.org).** Check the website for additional information and updates. **If you experience any difficulties accessing this information or if you have any questions, feel free to contact me at (859) 299-5472 or on my cell telephone 859-333-5411.**

Again, we appreciate your assistance in agreeing to serve as the manager for a KHSAA postseason soccer tournament.

KHSAA DISTRICT AND REGION SOCCER TOURNAMENT REGULATIONS AND INSTRUCTIONS

Please refer to the Kentucky High School Athletic Association Handbook that gives rules and regulations governing soccer tournaments. You should familiarize yourself with these rules, found in the KHSAA Tournament Rules (located at <http://www.khsaa.org/soccer/tournamentrules.pdf>) and re-printed in Appendix A of this manual.

The forms for your various reports should be self-explanatory, and are all located via the KHSAA web site, <http://www.khsaa.org/soccer>. Send your financial report to the Commissioner by Friday, October 23, 2009 (District). You must use the proper KHSAA Form as supplied for reporting the tournament finances. For your convenience, the following explanations are given. For good measure, all managers should also refer to the checklist for the particular round found at the first of this section.

DISTRICT PRE-TOURNAMENT MEETING

Invite member schools to your tournament meeting, reminding each school to send or bring you FOUR copies of a final list of players one week prior to the district tournament. An alignment of schools is included in this manual.

The meeting of representatives of the competing schools should be held no later than October 6, 2009 at the tournament site for the purpose of drawing for the district tournament.

Announce the time of drawings in your letter. Read Tournament Rule IV, especially if there are only three teams in your district.

Check with the potential next round manager prior to your meeting and make certain to inform the teams in your tournament of the date and time of the regional meeting should they advance. A complete list of managers for the postseason is in Appendix B of this manual.

REGIONAL PRE-TOURNAMENT MEETING

The meeting of representatives of the competing schools is to start at 2:00 p.m. E.T. on October 18, 2009, at the tournament site for the purpose of drawing for the regional tournament. Permission to meet earlier may be granted if ALL districts within the region have completed play.

Only winning Sub-Sectional teams (girls) advance to the Sectional Tournament. Sub-Section 1 always plays Sub-Section 2; Sub-Section 3 always plays Sub-Section 4; etc. This addresses the geographic concerns relating to post season tournaments. In EVEN numbered years the winning teams from the ODD numbered Sub-Sections will host the Sub-Sectional matches. In ODD numbered years the winning teams from the EVEN numbered Sub-Sections will host the Sectional Tournament matches.

Only winning Regional teams (boys) advance to the Sub-Sectional Tournament. Sub-Section 1 always plays Sub-Section 2; Sub-Section 3 always plays Sub-Section 4; etc. This addresses the geographic concerns relating to post season tournaments. In EVEN numbered years the winning teams from the EVEN numbered Sub-Sections would host the Sectional matches. In ODD numbered years the winning teams from the ODD numbered regions will host the-Sectional Tournament matches.

DISTRICT FUTURE SITES

The **district manager should review** the site selection schedule with all schools in the district at the meeting. A copy of all current listings is on the KHSAA web site, www.khsaa.org/soccer.

If changes or corrections are made to the district tournament site selection plan, please use KHSAA **Form SO109**, which is included in Appendix C (Checklist and Forms for District Managers) of this manual and available on the KHSAA web site, and return it to the KHSAA immediately following the meeting.

DISTRICT SEEDING

All decisions regarding seeding of a tournament must be made prior to the start of the regular season, including but not limited to, seeding method and criteria.

Seeding methods shall be on file at the KHSAA. Use form SO11 that is enclosed in Appendix C (Checklist and Forms for District Managers) in this manual.

Seeding decisions and the method used shall remain in place until a majority vote of the participating schools rescinds the seeding decisions. If vote is made to seed, the manager is to send the KHSAA a copy of the meeting minutes. A copy of all current listings is on the KHSAA web site, www.khsaa.org/soccer.

District tournament managers should ensure that all schools in seeded districts are reminded that all games to be used in calculating the seeded position **MUST** be played prior to the district meeting, October 6, 2009.

DISTRICT TOURNAMENT DRAW

Each district tournament shall draw (or place if seeded) teams into the appropriate bracket in Appendix C depending upon how many teams are in the district and whether or not it is seeded. Complete brackets are also available on the KHSAA web site, <http://www.khsaa.org/soccer>.

The district manager is to fax the bracket to the following outlets / agencies immediately following the draw to KHSAA at (859) 293-5999.

The team in the upper half of the bracket in a non-seeded tournament will be the home team, and will wear light colored jerseys. If a tournament is seeded, the highest seed shall be the home team.

District tournament play shall **begin not later than Monday** of the week on the KHSAA Calendar for district tournaments. This year those dates are October 12 through October 17. **You must get permission from the KHSAA office to start later than October 14, and only in the event of facility conflicts.**

REGIONAL TOURNAMENT DRAW AND GAME SCHEDULE

Please review tournament Rule V. d), Region 2), c) concerning regional drawings. This rule makes it impossible for a winner and corresponding runner-up in a district to meet before the final regional game.

Each region shall draw teams into the appropriate bracket in Appendix D of this manual.

Region tournament play **shall begin not later** than Monday of the week on the KHSAA Calendar for region tournaments. This year those dates are October 19 through October 24. **You must get permission from the KHSAA office to start later than October 21, and only in the event of facility conflicts.**

The region manager is to fax the bracket to the following outlets / agencies KHSAA at (859) 293-5999 immediately following the draw.

Member schools are not permitted to practice for, travel to or participate in an interscholastic athletic contest during the six-hour school day. Therefore no Soccer Tournament may be scheduled at a time that would violate any part of the six-hour academic school day. Due to this action and regulation, tournaments should not start prior to 3:30 p.m. each school day.

THE TOURNAMENT RULES STATE THAT NOT MORE THAN TWENTY-FOUR PLAYERS MAY BE IN UNIFORM FOR ANY ONE TOURNAMENT GAME. NO MANAGER OR GROUP OF SCHOOLS MAY VOTE TO WAIVE THIS REQUIREMENT.

The Mercy Rule will be observed in post-season play.

REQUIRED SOCCER BALL (RAWLINGS)

The Rawlings Soccer ball is the official ball for all KHSAA post season events (district region, sub-sectional, sectional or state tournament). All balls must display the National Federation Authenticating Mark. Use of any other game ball is a violation of KHSAA tournament rules and will subject the tournament and its participants to possible penalties.

BALL CHASERS

A minimum of two ball chasers must be used for each game. It is recommended that each participating team provide at least one ball chaser.

ELIGIBILITY LISTS, ROSTERS AND TEAM PICTURES

A plan for getting our material to the tournament manager at each level of play in a timely fashion has been devised. Please read the following instructions carefully:

1. A program information / roster sheet for each of the teams in your tournament should have been entered on the KHSAA website prior to Friday, October 2, 2009. This roster sheet is to be brought to the district tournament meeting or to the first day of play. The district manager is to make four copies as listed earlier.
2. The use of the KHSAA eligibility lists is optional within the post season, as the use of the roster will be allowed to substitute.
3. Remind each coach to have that tournament's copy of the roster form checked by the coach of each competing team, before the team plays, for the twenty-four players to be used in each game.
4. District managers should use only one list for checking players on each team since the other three copies will be needed by the regional, sub-sectional and sectional tournament managers.
5. District managers should send the three unchecked copies of roster form of the winner and runner-up to the manager of your regional tournament not later than the Monday of regional week.
6. Region managers should send the two unchecked copies of roster form of the winner to the manager of your sub-sectional tournament immediately upon completion of the tournament.

DISTRICT FINANCES AND FINANCIAL REPORT

The participating schools shall adopt a plan for distribution of proceeds. If there is dispute, contact the Commissioner's office.

In accordance with the KHSAA Constitution, all proceeds after expenses approved by the participating teams shall be divided among the participants.

The district manager shall complete KHSAA Form SO101, District tournament financial report, following the tournament and return it to the KHSAA by the published deadline.

REGION FINANCES AND FINANCIAL REPORT

All schools in a region (not just the participating teams in the regional tournament) shall adopt a plan for distribution of proceeds. If there is dispute, you may contact the KHSAA.

In accordance with the KHSAA Constitution, all proceeds after expenses approved by the participating teams shall be divided among the teams in a region based on a plan approved by majority vote.

The region manager shall complete KHSAA Form SO107, Region tournament financial report, following the tournament and return it to the KHSAA by the published deadline (November 31, 2009 Region).

REFEREES

In compliance with the Federal Court Decree, the Commission composed of the Commissioner and the three assistants will assign all referees. In order that this may be carried out, it will be necessary for each manager to send a copy of the bracket, giving the date and time of each game to the Commissioner immediately if this has not been done already.

For the district tournaments, managers are to contact the Assigning Secretary who normally services the games of the host school to obtain your officials' names and game assignments.

For the region tournament, the KHSAA will notify the manager as to the assignments.

You will be billed directly by the trophy company.

As the regional tournament host, you will also be mailed the sub-sectional and sectional tournament tickets as well as the sectional tournament trophy. The KHSAA would appreciate it if you would forward the tickets and trophy to the appropriate post season hosts. You will receive additional information from this office during the week of the regional tournament.

SECURITY

It is the responsibility of the tournament manager to secure adequate police protection, and other security precautions as necessary.

The KHSAA requires a game administrator, other than the coach, at the game site. Since the coach needs to devote full attention to the team, someone other than the coach must deal with any outside difficulties. Unsporting conduct by spectators is a growing concern. The presence of a contest supervisor sends the message that unsporting behavior will not be tolerated. The KHSAA recognizes the added burden this places on school districts, but requests it to improve the environment at the game for the players and coaches. The KHSAA is requiring that the following procedures be followed by home management.

GAME DAY ADMINISTRATOR RESPONSIBILITIES

- 1) Prior to the start of the match, identify yourself and establish a designated area where you can be reached in the event of an emergency.
- 2) Supervise the fans, watching for inappropriate fan behavior.
- 3) During your sportsmanship announcements, remind the fans that foul language and harassment of officials is inappropriate behavior. Also, inform the fans that they are not allowed to be within 10 feet of the soccer field.
- 4) After the game, have the officials escorted to the locker room and/or parking lot.

MEDICAL COVERAGE

A physician and/or ambulance should also be in place in the event of an emergency.

REPORTS

After each game, the results shall be reported to the following outlets / agencies - KHSAA/Riherds Scoreboard (800) 715-8388.

INCLEMENT WEATHER

Schools who are hosting the tournaments should be especially sensitive to the postponement of games. It is imperative that the tournament managers adhere to the scheduled post-season dates.

It is the duty of the tournament manager in consultation with the participating teams and the KHSAA, to make decisions with regards to re-scheduling in the event of postponement and ensure that all teams, media outlets and schools are properly notified. In accordance with the playing rules, after the contest has begun, the referees shall make such determination.

**KHSAA TOURNAMENT (POST SEASON)
OVERTIME RULES**

When the score is tied at the end of regulation time, the referee will instruct both teams to return to their respective team areas. There will be five minutes during which both teams may confer with their coaches and the head referee will instruct both teams as to proper procedure.

- 1) There shall be two, full ten-minute overtime periods (note - not sudden victory),
 - a) A coin toss shall be held-as in Rule 5-2-2e.
 - b) At the end of the first ten-minute overtime period, teams shall change ends.
 - c) There shall be a two-minute interval between periods.
- 2) If at the conclusion of the two ten-minute overtime periods, a tie still exists, there shall be two five-minute sudden-victory overtime periods.
 - a) A coin toss shall be held-as in Rule 5-2-2e.
 - b) At the end of the first sudden-victory period, teams shall change ends.
 - c) There shall be a two-minute interval between periods.
- 3) If the score remains tied, all coaches, officials and team captains shall assemble at the halfway line to review the procedure as outlined below:
 - a) The head referee shall choose the goal at which all of the kicks from the penalty mark shall be taken.
 - b) Each coach will select any five players, including the goalkeeper, on or off the field (except those who may have been disqualified) to take the kicks.
 - c) A coin toss shall be held as in Rule 5-2-2e. The team winning the toss shall have the choice of kicking first or second.
 - d) Teams will alternate kickers. There is no follow-up on the kick.
 - e) The defending team may change the goal keeper prior to each penalty kick.
 - f) Following five kicks for each team, the team scoring on the greatest number of these kicks shall be declared the winner.
 - g) Add one goal to the winning team score and credit the team with a victory. An asterisk (*) may be placed by the team advancing to indicate the advancement was the result of a tie breaker system.
- 4) If the score remains tied after each team has had five kicks:
 - a) Each coach will select five different players than the first five who already have kicked to take the kicks in a "sudden victory" situation, wherein if one team scores and the other team does not score, the game is ended without more kicks being taken. If a team has fewer than ten available players at the end of the first set of kicks from the penalty mark due to either injuries or disqualification, the coach must use all players who have not participated in the first five kicks. The coach may choose additional players from the first five kickers to ensure that five different players participate in the second set of kicks.
 - b) If the score remains tied, continue the "sudden victory" kicks with the coach selecting any five players to take the next set of alternating kicks. If a tie still remains, repeat 4-A.
- 5) During all tiebreaker penalty kicks, the ball remains alive until its momentum is spent, it goes out of bounds or it is retouched by the kicker.

II) Dates and Sites for Tournaments

District tournament sites shall be selected by a site selection plan approved by a unanimous vote of the schools eligible to compete in each district tournament. If a district is unable to resolve conflict over the plan, the Board of Control shall establish a plan.

Only schools which are members of the Association prior to January 1 of the year in which the tournament is held, shall be allowed to vote for the district tournament location or participate in the tournament

For the boys' regional tournaments in even numbered years, the host shall be the district winner in the even numbered district. If that school does not desire to host, the opportunity shall next be offered to the district runner-up in the even numbered district. If that school does not desire to host, the opportunity shall next be offered to the district winner in the odd numbered district. If that school does not desire to host, the opportunity shall next be offered to the district runner up in the odd numbered district. This pattern will rotate in odd numbered years. If the host school/site declines to host the Regional Tournament at its home site, it will be that school's responsibility to find a host site. However, this would not alter the "Odd/even" rotation sequence for future post season tournaments.

For the boys' sub-section, the even numbered region winner will host the sub-section contest in even numbered years. This hosting pattern will rotate in odd numbered years. If the winning region school/site declines to host the Regional Tournament, at its home site, it will be that school's responsibility to find a host site.

For the boys' sectional tournaments, the even numbered sub-section winner will host the section contest in even numbered years. This pattern will rotate in odd numbered years. If the winning sub-section school/site declines to host the Regional Tournament, at its home site, it will be that school's responsibility to find a host site.

For the girls' regional tournaments in even numbered years, the host shall be the district winner in the odd numbered district. If that school does not desire to host, the opportunity shall next be offered to the district runner-up in the odd numbered district. If that school does not desire to host, the opportunity shall next be offered to the district winner in the even numbered district. If that school does not desire to host, the opportunity shall next be offered to the district runner up in the even numbered district. This pattern will rotate in odd numbered years. If the host school/site declines to host the Regional Tournament at its home site, it will be that school's responsibility to find a host site. However, this would not alter the "Odd/even" rotation sequence for future post season tournaments.

For the girls' sub-section, the odd numbered region winner will host the sub-section contest in even numbered years. This hosting pattern will rotate in odd numbered years. If the winning region school/site declines to host the Regional Tournament, at its home

site, it will be that school's responsibility to find a host site.

For the girls' sectional tournaments, the odd numbered sub-section winner will host the section contest in even numbered years. This pattern will rotate in odd numbered years. If the winning sub-section school/site declines to host the Regional Tournament, at its home site, it will be that school's responsibility to find a host site.

The Board of Control shall determine the site of the state finals after receiving the Commissioner's recommendation, and shall be guided by necessary hotel facilities, playing facilities, and community/area support.

III) Tournament Managers

The principal of the host school shall designate an official of the school to serve as the manager for each district tournament. The Commissioner will appoint a manager for each of the regional, sub-sectional and sectional tournaments, and shall serve as the manager for the state tournament. The Commissioner may appoint as many assistant managers as deemed necessary to manage the event. It is the duty of each district, regional, sub-section (if appropriate) and section tournament manager to invite representatives of the participating teams in the tournament to a meeting held for the purpose of making tournament plans.

It is an explicit duty of each tournament manager to inform the association IMMEDIATELY as to the bracket / pairings / entries / results when requested by KHSAA staff and according to the time deadlines provided including the actual site of the tournament if it is not held at the school. In addition, it shall be the duty of the manager of each contest in soccer, volleyball, football, basketball, baseball and softball to contact the KHSAA Scoreboard with the final results following each contest. This is in addition to fulfilling local media requests. The Board of Control has approved the policy that the receipts of a tournament can be assessed (a fine levied against the manager) for failure to comply with these provisions.

The representatives of the schools participating in each tournament, by majority vote, shall set the dates and times of the games, and make all other arrangements necessary to conduct the tournament. The Commissioner will direct the drawing and all of the business necessary to conduct the state tournament.

IV) District Tournament Seeding Regulations

A) For district tournaments with three teams, the district tournament shall be seeded in accordance with the following three-team seeding regulations:

- 1) Each team in a three-team district is required to play the other two teams in the district in two contests each year, at mutually agreed sites. These games will produce a uniform means of ranking the teams by seed within these districts.
- 2) The team with the highest seed (one seed) receives a bye in the district tournament, and advances to the championship game.
- 3) The remaining two teams would play in the first round of the district tournament with the loser of that game being eliminated.
- 4) In the case of a two-way tie for the district winning position, the winner in the second game played between the tied district opponents would have the higher finishing position.
- 5) In the case of a three-way tie for the district winning position, the tie would be resolved in the following manner. If any of the tie-breakers results in one of the teams being ahead of the other two, the tie is broken. If any of the tie-breakers result in two teams remaining ahead of the third, then the two-way tie breaker shall be used to determine the winner between those two.
 - a) The tie-breaking mechanisms (in order) shall be:
 - i) If the tie remains between all three teams, the record in the second game played against all district opponents involved in the tie.
 - ii) If the tie remains between all three teams, the record in the first game played against all district opponents involved in the tie.
 - iii) If the tie remains between all three teams, then the total points allowed in all seeded games shall be the next tie-breaker.
 - iv) If the tie remains between all three teams, then the total points allowed in the second of each of the seeded games shall be the next tie-breaker.
 - v) If the tie is still unbreakable, then a blind draw among the

three teams shall break the tie.

b) Additional tie-breaking mechanisms could be added, and would be uniform for all three-team districts.

B) For district tournaments with four or more teams, the district tournament brackets may be drawn by random lot or placed into the bracket using a seeding system. A majority vote (recorded in writing) of the Principals, Athletic Directors or Designated Representatives of the schools in the district is required in order to make or change seeding decisions. In the absence of any documentation, minutes or other verification, the districts shall not be seeded. The regulations concerning the seeding of a district with four or more teams are as follows:

- 1) The decision to seed and the method used in seeding (including all tie-breakers) shall be determined by majority vote of the participating teams in the district and the manager shall record this vote in writing and submit it to the Association. The representatives making the written declaration shall decide all issues related to seeding,
- 2) Seeding methods shall be determined prior to the start of the regular season, recorded in writing with a copy provided to the KHSAA, and shall remain in place until a majority vote of the participating schools rescinds or changes the seeding decisions. Such changes to the district seeding plan may not be made for the current year once play has begun in the regular season.
- 3) In the event of dispute, the current copy on file with the KHSAA shall prevail in determining resolution.
- 4) Seeding plans may, at the discretion of the majority vote of the schools, stipulate a particular team to a particular seeded position.
- 5) It shall be the district tournament manager's responsibility to update the Association with respect to any changes to the seeding decision or method being used and any relevant tiebreakers. In the absence of this documentation, consultation with, and written verification and documentation from, prior year tournament managers, will be utilized by staff to assist with interpretation and clarification.
- 6) There is no statewide regulation on a seeding method once the determination has been made to seed. Some of the more common and recommended means of seeding is the record of games played within a district provided all teams have played all other teams. In that case, each district shall adopt tie-breaking procedures in the event that the primary method of seeding results in a tie or other situations arise which cause an alteration in the scheduled seeding method. Among the more common tie-breaking methods are 1) seeding by overall win-loss record; seeding by win-loss record in specific contests, 3) seeding by a rating/ranking from a statewide poll, 3) seeding by a majority vote, 4) seeding by a committee, and 5) seeding by a rating turned in by each school.
- 7) If win-loss records are used for seeding, the records used shall be the records as of the date of the pre-tournament meeting as published on the KHSAA memorandum calendar. Teams and school representatives may meet during the regular season to discuss tournament operations (i.e. dates, times, sites, tournament personnel needs, etc.). However if an organizational meeting is held prior to the published date on the calendar, no discussions may be held regarding the bracketing or pairings of specific teams unless all mandated seeded games have been played prior to the meeting. Games played after the published meeting date SHALL NOT factor into the seeded position.
- 8) Seeded games unable to be played for any reason (with the exception of verified forfeited contests) prior to the published date for the district tournament meetings will be recorded as a win and a loss for both teams in computing seeded position.
- 9) If a change in the alignment of teams moves a single new team into a previously seeded district during the current school year, the previous decision as to seeding shall prevail. If the new team enters the alignment following the completion of all game contracts and the new team is unable to schedule all required opponents, the new team shall be seeded in the last position for the current season, and shall be included in seeded game scheduling for the subsequent seasons. If a single change in the alignment occurs prior to the end of the previous school year, the district teams will conduct a new vote as to seeding.

- 10) If a change in the alignment of teams moves more than one team into a seeded district, the district teams shall conduct a new vote as to seeding. A tie vote will result in the seeding decision being not seeded.
- 11) If the Board of Control approves a total realignment of teams within a district, the teams in the district shall conduct a new vote as to seeding. A tie vote in this situation shall result in the district being not seeded.

V) Tournament Meetings and Pairings

A) District (non-seeded). The district meetings shall be held in the school designated as the tournament host not later than the second Sunday (one week and one day) prior to the week of the tournament as specified on the KHSAA Memorandum Calendar. - 2) If the number of teams in the drawing is less than the number of places to be considered, the even number 2 shall be designated as the first bye; the largest even number as the second bye; number 4 as the third bye; the next largest even number as the fourth bye; and so on until the number of places not so designated equals the number of teams in the drawing. The places shall be determined by drawing by lot, the numbers assigned to the "byes" having been first taken from the numbers to be drawn.
- 3) The teams which pair with "byes" shall have a rest period during the first round of the playing of games in the tournament.
- 4) The winner of the No. 1 and No. 2 games shall play the winner of the No. 3 and No. 4 game. The winner of the No. 5 game and No. 6 game shall play the winner of No. 7 and No. 8 game. The two winners shall play for the championship. The same general procedure shall be used in the case of more than eight places or teams.

- 1) Recommended Point System for Seeded District Play

 - b) Each team is awarded three (3) points for a win

 - e) The team that has the highest point total will be awarded the number one (1) seed. The team with the second highest point total will be the number two seed. The team with the third highest point total will be the number three seed. The team with the fourth highest point total will be the fourth seed. The team with the fifth highest point total will be the fifth seed. Etc.
- f) Tie breaker Procedures
 - i) In the event of a two way tie after point calculations and each team plays each other once, the winner of the regular season contest will be the higher seed in the tournament bracket.
 - ii) In the event of a two way tie after point calculations and district teams choose two play each other more than once, the winner of the last game will be awarded the higher seed.
 - iii) In the event there are multiple ties, a district could choose an alternative method for determining the highest seed.
 - iv) a blind draw would determine the higher seed winner
 - v) the team that allowed the fewest goals in district play would be awarded the higher seed.

2) After seeding positions have been determined, the seeded bracket pairings shall be observed. The teams shall be placed in the proper position of the appropriate single elimination bracket. The brackets (from top down) are as follows:

- a) 3 Teams – Seed 2 plays 3, Seed 1 plays winner of Seed 2 vs. Seed 3 for championship.

- b) In a regional tournament with participants from three districts, the draw shall be conducted as follows. The format will follow a standard eight-team bracket with two byes, those falling into positions 2 and 7. The district winners shall draw for positions 1 and 8 in the bracket. The district winner not drawing a bye shall draw for a position in slots 3 through 6. The district runner-up to the district champion drawing for position in slots 3 through 6 will draw into one of the two remaining slots in the bracket opposite the district winner, and the remaining two runner-up teams will be placed opposite their corresponding district winners in the remaining two slots in the bracket.
