Underlined schools entered either a boys or girls full team or both in 2006 Cross Country

Advancement Formula Recommendation – Cross Country – Each region would advance based on number of teams entered by entry deadline. 1-3 full teams entered – 2 teams advance; 4-6 full teams entered – 3 teams advance; 7-9 full teams entered – 4 teams advance; 10-12 full teams entered – 5 teams advance; 13 or more full teams entered – 6 teams advance. In addition, the top 5 individuals not on a team qualifying for the state meet would also qualify.

Advancement Formula Recommendation – Track – The Advisory Committee is to consult with the represented schools regarding the two possible options. Option number one would bring the top two competitors from each region, plus the two best at-large times/marks from the state at-large. Option two would bring the top competitor from each region, plus the nine best at large times/marks from the state at-large. The decision is to be made (recommendation) following the consultation with the schools and after the completion of the Track and Field Rules Clinics.
