

KHSAA TRACK & FIELD CHAMPIONSHIPS

UNIVERSITY OF LOUISVILLE TRACK AND FIELD COMPLEX COLOR CHART

Running Events	Starting Area and Pattern	Distance	KHSAA Games Committee Information
100 Meter Dash	The solid white line at the end of the track on the bleacher side.	100 Meters down the front straightway	Wind Gauge will be used both days. Fully automatic timing will be in use.
200 Meter Dash	This event starts at the end of the back stretch of the track adjacent to the triple jump venue. White lines are in place in each lane to show the staggered start.	One curve and the finish straightway for 200 meters.	Wind Gauge will be used both days. Fully automatic timing will be in use.
400 Meter Dash	This event is set up for a two turn stagger and starts on a white line with a yellow bar.	One complete lap of the track.	This race is run on a two turn stagger and it is run in lanes all the way
800 Meter Dash	This event is set up for a two turn stagger and starts on the same line as the 400 Meters, the white line with the yellow bar	Two complete laps of the track	The athletes will stay in their lanes until the head of the front stretch. At this point cones will be on the track and once they are passed athletes may cut into lane one.
1600 Meter Run	This event is set up for a one turn stagger and starts on the white line with the green bar	Four Complete laps of the track	The athletes will stay in their lanes until the head of the back stretch. At this point cones will be on the track and once they are passed athletes may cut into lane one.
3200 Meter Run	This event is set up for a one turn stagger and starts on the white line with the green bar.	Eight complete laps of the track	The athletes will stay in their lanes until the head of the back stretch. At this point cones will be on the track and once they are passed athletes may cut into lane one.
100 Meter High Hurdles	The solid white line at the end of the track on the bleacher side.	100 Meters down the front straightway	Wind gauge will be used both days. Fully automatic timing will be in use. Ten flights of hurdles set on the yellow marks at the 33" height.
110 Meter High Hurdles	The solid white line directly behind the start of the 100 Meter High Hurdles.	110 Meters down the front straightaway	Wind gauge will be used both days. Fully automatic timing will be in use. Ten flights of hurdles set on the blue marks at the 39" height.
300 Meter Hurdles	Solid white lines at the head of the back stretch	Three fourth of a lap around the track	Eight hurdles placed on the red marks. The girls height is 30" and the boys height is 36"
4 x 400 Meter Relay	The 4 x 100 Meter Relay is set up to run on a two turn stagger so the starting line is the white line with the yellow bar.	One complete lap of the track	In the 4 x 100 Meter Relay the exchange zones are yellow to yellow check marks and the fly zone is a small yellow triangle.
4 x 200 Meter Relay	The 4 x 200 Meter Relay is set up for a four turn stagger so the starting line is the black line	Two complete laps of the track	In the 4 x 200 Meter Relay the first two handoffs are black to black check marks and the fly zone is a small black triangle.
4 x 400 Meter Relay	The 4 x 400 Meter Relay is set up for a three turn stagger so the starting line is the blue line	Four complete laps of the track	In the 4 x 400 Meter Relay the first handoff is on the blue to blue staggered check marks. The third and fourth handoff is on the blue/white line and the end of the zone is the solid blue line.
4 x 800 Meter Relay	The 4 x 800 Meter Relay is set up for a two turn stagger so the starting line is the white line with the yellow bar	8 complete laps of the track	In the 4 x 800 Meter Relay the first runner will run two turns in their lane and then break for lane one when they pass the cones at the head of the front stretch. The third and fourth handoff is on the blue/white line and the end of the zone is the solid blue line.
