Coach Comments

1. Please describe what advancing to the State Tournament means for your program, your school and your players.

Being the first team to advance to the Boys' Sweet Sixteen State Tournament in school history has been a tremendous thrill for our entire school, student body, community and basketball program. The enthusiasm that has been created by the team's success has caused outstanding ticket sales and an excitement never before seen in this community. The team motto "running down a dream" has been achieved. Southwestern boys' basketball has arrived in Rupp Arena.

2. What will your team have to do in order to have a chance of winning the State Tournament?

What our team will have to do in order to have a chance to win the state tournament is to stay focused on playing one game at a time. The team will have to focus on what it controls and play team basketball on offense and defense. Our team has to do what “we do” and do it well.
