Coach Comments

1. Please describe what advancing to the State Tournament means for your program, your school and your players.

Advancing to the state tournament for the first time since 1996 is a huge step for our basketball program. We have averaged over twenty wins a season the last five years, but until this season were unable to advance out of the region. March 4 was a great day for Boone County High School with both the boys' and girls' teams winning region titles on the same day. For our players this is special for so many reasons. From players being able to experience the tourney with fathers or brothers, to players bouncing back from obstacles during their underclassman years, this experience means everything.

2. What will your team have to do in order to have a chance of winning the State Tournament?

Offensively, our shooters must consistently make shots, our guards must make good decisions with the basketball and we need to get to the free throw line. Defensively, stop penetration and rebound. Overall, play our best basketball of the season, every team member play his defined role and catch a few breaks.
