- * Standards are determined by the average fifth place time the last five years of State Meets.
- * All FAT time standards represent the true five year average.
- * HAFT Standards are derived by taking the five-year average electronic (FAT) time, reducing it by .24 and then rounding to the next tenth in compliance with Track Rule 3-9.
- * High Jump marks are rounded up to the nearest 2" mark above the five-year average
- * Pole Vault marks are rounded up to the nearest 6" mark above the five-year average
